CASE NO.

The Melrose Apts

AND

Complaint

Roderium Colbeat

I, Bruce Committee, sue The Melrose Apts AND Roderium Colbeat for \$100,000 for violating my rights under the Federal eviction moratorium law protecting renters like me. 100 W. Melrose is my residence, apt. 604.

In violation of said Federal law, I have been noticed to leave/exit, get out of my apartment by 5 days from 1/4/21. Today is 1/6/21. This notice to pay or get out violates my Federal rights. The notice threatens to use state legal proceedings which means the defendants are acting under law which also gives me a claim under 42 USC 1983.

I want an immediate order filed and served on both defendants prohibiting them both from further

threats or attempts to remove me from my residence during the federal low eviction moratorium.

~~I want general damages ordered to be~~
~~as~~ wherefore plaintiff demands the order immediately
be issued and judgement against both
defendants (both located at 100 N. Melrose
Ave, Natchitoches, LA 71457, managers
offices) joint and several in favor of
the Plaintiff in the amount of general
damages of \$250,000 plus court costs.

Under Penalty of
Perjury I say I have
no money to pay court
fees.
